Hatteras Funds Hires Managing Director of Business Strategy

RALEIGH, N.C., September 27, 2016 - Hatteras Funds (“Hatteras”), a provider of unique alternative investment solutions for Financial Advisors and their clients, today announced that Robert Brown has rejoined the firm as Managing Director of Business Strategy.

“Rob’s return allows us to better serve our clients and further supports our goal of providing alternative solutions designed to solve the needs of Financial Advisors,” said David Perkins, CEO of Hatteras Funds. “We are excited to welcome Rob back to the Hatteras family. Rob brings extensive experience in alternative investments along with a commitment and dedication to serving Financial Advisors.”

Rob will assist with implementing the Firm’s strategic vision and will work to further integrate the sales, marketing, national accounts and investment management teams at Hatteras. Mr. Brown brings over 15 years of financial services experience to the role.

Mr. Brown joined Hatteras in 2004, spending ten years in various sales, marketing and national account roles and was an integral player in building the firm’s strategic direction. Prior to joining Hatteras, he held leadership positions with Wilbanks, Smith & Thomas and Highland Associates. He received his Bachelor of Arts degree from Washington & Lee University and his Master of Business Administration degree from the University of Florida.

“I am truly happy to re-join Hatteras Funds. Hatteras was founded to design alternative solutions which enable Financial Advisors to better serve their clients. I am particularly excited by the firm’s renewed commitment in the area of private investments. This team is motivated by a strong dedication to serving the Advisor community and I look forward to being a part of that again,” said Mr. Brown.

The addition of Rob Brown follows a series of strategic decisions Hatteras has made over the past year to accomplish its vision of being an alternative investment boutique dedicated to solving the needs of Financial Advisors. This follows the firm’s November 2015 announcement that it had re-established itself as an 100% independent, employee-owned company.
